

CALL FOR PROPOSALS

The 10th Annual UK Appalachian Research Symposium and Arts Showcase March 2, 2019 William T. Young Library | University of Kentucky

GARC at 10: Interdisciplinary Dialogues on Appalachian Research & Community

Established a decade ago, the UK Graduate Appalachian Research Community (GARC) has worked to foster a supportive community in which students, community members, and academics from various disciplines and backgrounds can learn from one another's findings, discuss research obstacles and successes, and identify opportunities for collaboration. As an official University of Kentucky student organization, GARC has worked tirelessly to promote an interdisciplinary dialogue on Appalachian research in Kentucky and beyond.

In recognition of the tenth anniversary of GARC, this year's theme ***GARC at 10: Interdisciplinary Dialogues on Appalachian Research & Community*** seeks to reconcile the past and future of the Appalachian region and Appalachian scholarship. Particularly, we seek to explore the complex relationship among interdisciplinary scholarship, participation, and advocacy in the Appalachian region while exploring possibilities for an engaged, collaborative, future. Building upon the history of the symposium we invite participants from a variety of disciplinary, practice, and life-experience backgrounds to consider our shared interest and understandings of Appalachia. We are particularly interested in fostering an opportunity for interdisciplinary dialogue among emerging Appalachian undergraduate and graduate scholars, activities, and community members.

The Symposium is open to all undergraduate and graduate students of all disciplines *from all colleges and universities doing work pertaining to Appalachia*. Registration is free for both presenters and registered attendees. The Symposium is intended to foster a supportive community of emerging scholars. This year's Symposium will provide an opportunity for students to network, collaborate, learn from each other's findings, and explore issues relevant to Appalachian communities. Students without previous presentation experience, undergraduate students, those students seeking feedback on ongoing research, and students creating performance or visual artworks related to Appalachia are strongly encouraged to participate.

Symposium Requirements and Important Information

- Work must be topically related to Appalachia, original, and produced in the last 3 years.
- To be considered for inclusion in the Symposium students should submit a 200-250 word abstract online by **5PM on February 15, 2019**. Notice of acceptance will be e-mailed shortly after.
